“A RESOLUTION ENDORSING THE CAMPUS FRINGE BENEFITS COMMITTEE’S REQUEST TO THE UA SYSTEM FRINGE BENEFITS COMMITTEE REGARDING THE CREATION OF AN APPEAL PROCESS TO THE PRESCRIPTION DRUG FORMULARY OF MEDIMPACT”

Whereas the drug formulary determines the availability of co-payment for prescriptions for given conditions and the level of co-payment required by the member,

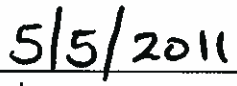

Whereas the current practice does not allow for any exceptions to the formulary,

Whereas both Faculty Senate and Staff Senate has endorsed this resolution,

Then be it resolved, the Campus Council of the University of Arkansas, Fayetteville campus, support the efforts of the Campus Fringe Benefit Committee to ask the System Fringe Benefits Committee to pursue a process for requesting an exception to the preferred drug formulary when patient and physician agree it is medically necessary to have access to a Tier 3 drug for the price of a Tier 2 copayment.
